MEMORANDUM FOR MS/CC  
ATTN: Colonel Don Angel, CAP

FROM: HQ CAP/DOSP

SUBJECT: Waiver request for 2Lt David M. Hamm, CAPID 313412

1. Per your request, 2Lt David M. Hamm, CAPID 313412, is granted a waiver of the incident commander training requirements outlined on CAPF 101T-IC to become an Incident Commander for CAP, but it does have some limitations outlined in greater detail below. This waiver is effective until 1 June of 2003; if 2Lt Hamm has not qualified as an incident commander at that time he will need to complete the requirements in full as outlined on the CAPF 101T-IC to qualify as an incident commander.

2. The following requirements must still be met prior to 2Lt Hamm being certified as an incident commander:

a. 2Lt Hamm must be qualified in General Emergency Services by completing the current CAPT 116 if he has not done so already so that he is familiar with CAP's procedures and operations. We would expect that he has already completed this requirement, but we want to be sure this is accomplished.

b. 2Lt Hamm must satisfactorily participate on at least one training or actual mission under the direct supervision of a qualified incident commander if he has not done so already so that he has had the opportunity to see and direct CAP operations and will know what will be expected of him.

3. After 2Lt Hamm is qualified as an incident commander, he will be expected to re-qualify and maintain currency in the same manner as other members. The requirements to re-qualify and maintain currency are outlined in chapter 2 of the current CAPR 60-3 in paragraphs 4 and 5.

4. If you have any questions, please feel free to give me a call. I can be reached via voice at (334) 953-4228 during duty hours or at [idesmarais@capnhq.gov](mailto:idesmarais@capnhq.gov) via e-mail anytime.
